# Letter from the Governor

Happy New Year 2022!

The period of taking a fresh resolution is here. While we have completed half of our journey of this Rotary Year, it is time to reflect on our achievements and realign our activities to achieve rest of the goals we initially set out. I would like to take a moment to request all Club Presidents, Secretaries, Club Officers, and my entire District team to carry out a Mid Term Review of your annual plan and programs. You deserve a pat on your back and you have my every support to accomplish more in the remaining period.

2021 has been a tough year with the COVID situation still hovering around and we need to be mindful in doing our daily business. However, Rotarians have shown resilience and as leaders, we have done things differently.

January is a month dedicated to Vocational Service. I urge all Rotarians to pass on your skill and vocation in the service of mankind and help Rotary achieve more. The Object of Rotary is a philosophical statement of Rotary's purpose and the responsibilities of Rotarians. The concept of vocational service is rooted in the Second Object, which calls on Rotarians to "encourage and foster".

I urge Clubs to implement and encourage the objectives by their actions when dealing with communities and to develop projects that enable members to use their vocational talents while providing humanitarian service. The role of members is to conduct themselves and their businesses following Rotary principles while supporting the Vocational Service projects that the club has developed. Discussions on vocational service can lead to projects that not only develop the ethical consciousness and vocational skills of Rotarians but also the talents within their communities. Vocational Service Month is an opportunity to begin year-long vocational service activities, ranging from Rotary discussions to awards to community projects.

My December has been a hectic month visiting many clubs almost daily and sometimes visiting multiple clubs in a Day. With a week in Chitwan conducting DG visits along with a Polio fund raising event has been the highlight of this month and record breaking for the District. I want to thank all the Clubs of Region 6 for their generosity, the organizers and District officials for their unbelievable brilliant efforts. Every club I visit, has been an experience and I am positively amazed with the amount and level of work Clubs in our District have conducted. I would like to applaud and congratulate all the Clubs for doing such remarkable work and Serve to Change Lives.

# Editorial Note

Dear Fellow Rotarian,

Wishing you a very Happy New Year 2022!

I am pleased yet again to bring to you the 7th Governor's Monthly Letter (GML) and the first of this brand New year of January 2022 issue.

I would like to take a moment to thank all the clubs for sharing more and more information to the GML and also appreciating the work done by our Publication and GML Subcommittee Team through emails, text and in person. Your encouragement has made us get going.

2022 is an opportunity to renew our commitment to both Rotary and our fellow Rotarians. Let's participate in a new project and share it in GML so that it can inspire others.

Looking forward to your emails!

Jay Rotary!
