IMAGINE
ROTARY

August 2022

Dear Rotarians Friends

July was the first month of a great beginning for Imagine Rotary Year 2022-2023 with lots of activities. Along with District Team, we attended “Lakshya” the goal setting program organized in Pune, India in the august presence of RI President Jennifer Jones, Past RI President Shekhar Mehta, RI Directors AS Venkatesh, Dr. Mahesh Kotbagi and many RI officials, where we have set targets for membership growth and the Rotary Foundation. Where we got to take individual photograph with RI President Jennifer Jones and attend 25th wedding anniversary RI President and Nick.

It was a great beginning for our district where we got the opportunity to cohost RI President Jennifer Jones felicitation program in Varanasi, India along with RI District 3120 DG Anil Agrawal and RI District 3240 DG Dr. Kuhsanava Pabi. We got an opportunity wo interact with her. We found her a very genuine and down to earth person.

The highlight of July was attending maximum installations of the clubs ending with DG visit of one club. These are very special moments in my life where I was deeply touched by genuine warmth and hospitality shown by the clubs.

In August 2022, we had many programs. On 5 th August 2022 we organized Membership Seminar and Public Image Seminar. RI Director AS Venkatesh was the Chief Guest and Key Note Speaker, who energized and motivated clubs to retain existing members, promote new members, encourage Diversity, Equity & Inclusiveness. On 20 th August, Vibrant Club Workshop for the first time in our district was organized in Bhairawa, Region 5 with active participation of Rotarians. Attending club installations was continued with more emphasis on DG visits to the clubs. By August, 165 new members have joined our District with addition of one new club chartered. We welcome new club & all new members in our family.

Sarita and myself and entire District Team are with you every inch of the way to enjoy

Imagine Rotary Year and to do good to the world.

Jitendra B Rajbhandary
DG, RID 3292

Jennifer Jones
RI President

We’ve all taken our own path to become a member of Rotary. Some of you joined because your father was a Rotarian. Some of us signed up because an employer tapped us on the shoulder and asked us to attend a meeting. Others became members only after a U.S. Supreme Court ruling made it possible. Yet each of us entered through one mechanism — an invitation.

An invitation that unlocks our imaginations and allows us to know that everything and anything is possible. Each one of us has that same opportunity — the honor to extend an invitation.

It is awe-inspiring to imagine how we can look out across our communities and identify our future leaders. It’s often tempting to attract people who are exactly like us. It’s a special form of ingenuity to consider how people who are seemingly very different can, in fact, share our values and have some of those same talents, just waiting to be unleashed.

It’s time for Rotary to take our next step in advancing Diversity, Equity, and Inclusion (DEI) across our organization.

Embracing an experience where people feel included is more than just making our membership numbers more diverse. It’s about making our meetings and events places where we can speak openly and honestly with each other, where our members feel welcome and safe. This means removing barriers for entry and opening doors for inclusion. Our values remain our strength — and our commitment to excellence requires us to maintain high standards for our members as well.

I believe we are all committed and determined to advancing DEI across Rotary. This is rooted in the deepest traditions of our organization, and it will ensure that we remain vibrant and relevant for decades to come.

A few years ago, our Rotary Board set the ambitious goal of increasing the share of female members to 30 percent by 2023. We have less than a year to go, but I believe we can meet and exceed this target.

We need Rotary leaders to rise from every continent, culture, and creed. We need young members and young thinkers to take on larger roles and responsibilities. We need to listen to new Rotary members just as keenly, and with as much respect, as those with many years of membership.

During our recent convention in Houston, we heard from astronauts about their journeys into space. We reflected upon a time in the 1960s when U.S. President John F. Kennedy urged the world to dream, with his declaration that we would “go to the moon [and do] other things, not because they are easy, but because they are hard.”

Fully committing Rotary to DEI and meeting our ambitious membership targets may seem as unlikely as a moon shot. But I know that when people of action are committed to a big goal, we make it worth every ounce of our energy.

RC Biratnagar Downtown

Promoting education among the impoverished people is the mission of Rotary Club of Biratnagar Downtown. All of the pupils at Shri Jyoti Adharboot Vidyalaya in the sponsored village received 150 umbrellas with the Rotary Emblem printed on them as well as juices as an incentive to encourage children from marginalized communities to attend school regularly. NIC Asia Bank sponsored the umbrellas. Present were the president, past presidents, club members, the club's principal, the school's teachers and staff, as well as representatives from NIC Asia Bank and Udghosh and Makalu TV.

The club also gave 15 female roadside vegetable vendors who work as street vendors umbrellas with the Rotary emblem and the club's name written on them. The members realized the importance of empowering women after completing an evaluation and witnessing women struggling to maintain their families in the blazing sun and pouring rain. In unfavorable weather, the club lessens the difficulty of selling and fruit and vegetable rotting. They carry out their business on a very modest scale, endangering their investment. These umbrellas will act as a practical protective tool, allowing them to sell easily and in a welcoming setting. As the program's chief guest, IPDG Rtn. Santosh Rijal was joined by club members and Assistant Governor Rtn. Kamal Agrawal.

EDITOR'S NOTE

"Reach Within to Embrace Humanity" - 2011-12

Rtn. Sarin Shrestha
Chair, District Publication & GML
Sub-Committee (2022-23)

Greetings, fellow Rotarians,

Bringing you the August Issue of the Governor's Monthly Letter gives me great pleasure (GML). We intend to embrace August, which is Membership and Club Development Month, by establishing a solid foundation. A solid membership base serves as the "do more and grow more" club's foundation.

In this issue, we've made an effort to uplift the members by spotlighting the many recognition programs. Another crucial element of Rotary is member connection and networking, and we have the ideal instrument to connect each of us instantly at the tip of our fingers. We encourage all of our members to download the Rotary app on their smartphones, communicate with one another, and access Rotary information at the touch of a finger. We also have a dedicated location where we can witness, learn from, and exchange the amazing work done by our young friends, as motivated by our leader to involve and expand participation among Rotary, Rotaract, and Interacts. The GML is a fantastic place for us to share our story—the tale of our unselfish act, which will make us happy when we think back on it and encourage others to do good! Therefore, I gladly ask all clubs to email us a brief description of their service initiative along with a photo.

Finally, because we are overloaded with information on social media platforms like Viber and WhatsApp, we kindly ask that you get in touch with your respective Regional Chairs to submit us the report in the required manner.

Imagine Rotary with SMiLE
