		Total Cost		142700	Per training
	In words: One lakh forty two thousand seven hundred Nepali Rupees only				

ICT Training has been starting Kunchipwakal Secondary School Tarkeshwor Muunicipality -1 Kathmandu. training aimed to enhance teachers' capacity in using digital tools for effective teaching and learning There are 25 Teachers are participating in the class which is 9 are female and 16 are male teachers.

The program was technically supported by Rotary Club of Kathmandu and financially supported by Rotary International District 3292. The entire program was organized by Rotary Club of Balaju with the objective of empowering teachers to integrate ICT into classroom practices, thereby improving the quality of education at the school level.

This initiative is a significant step forward in bridging the digital gap between government and private schools, ultimately benefiting students with modern, engaging, and practical learning experiences. Opening ingratiation from RC Balaju Participant President Shova Kumari Poudel and PE Bhoj Bikram Thapa

Context and Rationale

In today's world, Information and Communication Technology (ICT) has become an essential tool for improving the quality of education. However, many government schools face serious challenges in using ICT effectively. Teachers often lack proper training, schools have limited resources, and students miss the opportunity to learn with modern methods.

ICT training for teachers helps address these problems by equipping them with digital knowledge and teaching skills. Through such training, teachers learn to use computers, projectors, multimedia, and online resources to make classroom teaching more effective and interactive.

Problems Faced in Government Schools Before ICT Training

- Limited or no knowledge of digital teaching tools among teachers.
- Traditional teaching methods dominating classrooms.
- Low student engagement and lack of practical learning opportunities.
- Insufficient use of available ICT resources due to lack of skills.

Benefits of ICT Training for Teachers and Schools

- Teachers gain confidence in using digital tools and modern methods.
- Lessons become more interactive, practical, and student-friendly.
- Students develop digital literacy and critical thinking skills.
- Schools can bridge the education gap between private and government institutions.
- Overall improvement in teaching quality and learning outcomes.

Special Remarks

During the program, School Principal Mr. Raju Nepal attended the Rotary Club of Balaju meeting, where he was honored with a token of love. In his brief remarks, he expressed high appreciation for the ICT training, describing it as a *much-needed and highly relevant program for schools*. He also emphasized the demand for more such initiatives from Rotary International in the future.

रोटरी क्लब अफ बालाजुको आयोजनामा तीन दिने आइसीटी तालिम सम्पन्न

आउटलाइन खबर
अशोज १०, २०८२

काठमाडौं । रोटरी क्लब अफ बालाजुको आयोजनामा तारकेश्वर नगरपालिका-१, काठमाडौंस्थित कुंचीप्वाकल माध्यमिक विद्यालयमा तीन दिनसम्मको आईसीटी तालिम कार्यक्रम सफलतापूर्वक सम्पन्न भएको छ ।

उक्त तालिमले शिक्षकहरूको डिजिटल उपकरण प्रयोग गर्ने क्षमता अभिवृद्धि गरी प्रभावकारी अध्यापन-अध्ययनमा सहयोग गर्ने उद्देश्य राखिएको थियो । कार्यक्रममा २५ जना शिक्षकहरूको सहभागिता रहेको थियो, जसमा ९ जना महिला र १६ जना पुरुष शिक्षक सहभागी भएका थिए ।

कार्यक्रमलाई रोटररी क्लब अफ काठमाडौंले प्राविधिक सहयोग तथा रोटररी इन्टरनेशनल डिस्ट्रिक्ट ३२९२ ले आर्थिक सहयोग प्रदान गरेको थियो । जसको उद्देश्य शिक्षकलाई आइसीटीलाई कक्षा अभ्यासमा समावेश गर्न सशक्त बनाउने र विद्यालय तहमा शिक्षा गुणस्तर सुधार गर्ने रहेको क्लबकी अध्यक्ष शोभा कुमारी पौडेलले जानकारी दिइन् ।

उक्त तालिमले सरकारी र निजी विद्यालयबीचको डिजिटल खाडल (Digital Gap) कम गर्ने दिशामा महत्वपूर्ण कदम चालेको बताउँदै विद्यार्थीलाई आधुनिक, आकर्षक र व्यवहारिक शिक्षा-अध्ययनको अनुभव दिलाउने विश्वास आफुले लिएको क्लबकी अध्यक्ष पौडेलको धारणा छ ।

आजको विश्वमा सूचना तथा सञ्चार प्रविधि (आइसीटी) शिक्षा गुणस्तर सुधार गर्ने एक महत्वपूर्ण उपकरण बनेको छ तर धेरैजसो सरकारी विद्यालयहरूले आइसीटीलाई प्रभावकारी रूपमा प्रयोग गर्न गम्भीर चुनौतीहरू सामना गरिरहेका छन् ।

शिक्षकहरूमा उचित तालिमको कमी, विद्यालयमा सीमित स्रोत-साधन र विद्यार्थीहरूले आधुनिक विधिबाट सिक्ने अवसर गुमाउने अवस्थामा शिक्षकहरूका लागि आइसीटी तालिमले यी समस्याहरू समाधान गर्न मद्दत गर्दछ। यसमार्फत शिक्षकहरूले कम्प्युटर, प्रोजेक्टर, मल्टिमिडिया, अनलाइन स्रोतहरू जस्ता उपकरणहरू प्रयोग गरेर अध्यापनलाई अझ प्रभावकारी र अन्तरक्रियात्मक बनाउन सिक्छन् ।

आइसीटी तालिम अघि सरकारी विद्यालयहरूले भोगेका समस्याका रूपमा शिक्षकहरूमा डिजिटल अध्यापन उपकरणसम्बन्धी सीमित वा कुनै ज्ञान नहुनु, परम्परागत अध्यापन विधि नै कक्षाकोठामा हावी हुनु, विद्यार्थीहरूको कम संलग्नता र व्यवहारिक सिकाइको कमी, सीप अभावका कारण उपलब्ध आइसीटी स्रोतहरूको पर्याप्त प्रयोग नहुनु रहेका छन् ।

शिक्षक र विद्यालयलाई आइसीटी तालिमका लाभहरूमा शिक्षकहरू डिजिटल उपकरण र आधुनिक विधि प्रयोग गर्न

<https://www.outlinekhabar.com/gold-162/> अन्तरक्रियात्मक, व्यवहारिक र विद्यार्थीमैत्री बन्ने विद्यार्थीहरूले डिजिटल साक्षरता र

आलोचनात्मक सोच्ने क्षमता विकास गर्ने, निजी र सरकारी विद्यालयबीचको शिक्षा खाडल ((gap) कम गर्न सहयोग पुग्ने, शिक्षण गुणस्तर र सिकाइ परिणाममा समग्र सुधार हुने रहका छन् ।

तालिमका अवसरमा विद्यालयका प्राचार्य राजु नेपाललाई रोटररी क्लब अफ बालाजुको बैठकमा सहभागी भएका थिए । प्राचार्य नेपालले आइसीटी तालिमलाई विद्यालयहरूको लागि एकदमै आवश्यक र समयसापेक्ष कार्यक्रम भएको भन्दै प्रशंसा गर्नुका साथै भविष्यमा पनि रोटररी इन्टरनेशनलले यस्ता थप पहलहरू निरन्तर अघि बढाउनुपर्ने आवश्यकता समेत औल्याएका थिए ।
